## FFH Partner: RISE Colorado

*RISE Colorado Educates, Engages, and Empowers low-income families and families of color to RISE as change agents for educational equity in our public school system.*

### RISE COLORADO WINS

- Successfully passed the Resolution to support students regardless of documentation status in the Aurora Public Schools Board of Education, creating safe environments for all students.
- Created language supports to foster fuller participation in education for 4,452 students, Family Leaders, educators, systems leaders, and their families.

#### VERONICA PALMER, EXECUTIVE DIRECTOR

*"Once families are awakened to the inequities that exist in our school system, there is nothing they won't do to ensure that their children receive the best education possible."*

*Access to a free and public education is an inalienable right, but there are so many struggling families that face barriers to helping their children succeed in school. Education is a pathway out of poverty, so FFH supports RISE Colorado to help all children thrive.*
